

IsoClean FM

Ceiling Mounted Air Cleaner

The IsoClean FM is a low profile, ceiling mounted air cleaner that significantly improves indoor air quality. The IsoClean FM fits in a 2' x 4' ceiling panel and a perfect fit for restaurants and bars, office buildings, dental and doctor office reception rooms, conference rooms, schools, and many more.

Features & Benefits

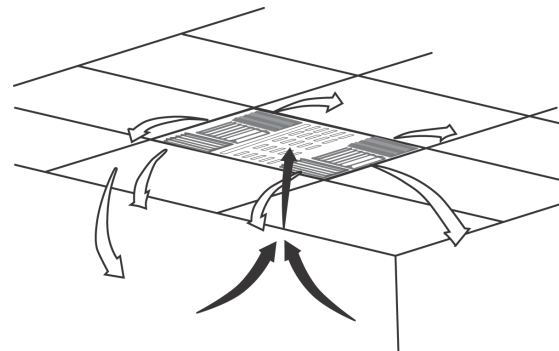

- Low profile design - provides appealing unit with no elaborate ductwork or installation requirements.
- Clean Air Delivery Rate over 700. IsoClean FM provides 300 CFM to 700 CFM to meet clean air room requirements.
- Removes up to 95% of pollutants including tobacco smoke, dust, pollen, lint, and more.
- Recirculates indoor air - no added expense to reheat or cool air
- Power On light included to ensure proper function.
- Bluetooth control allows for easy control and monitoring from a smart phone.

Warranty

- 3-Year limited warranty on cabinet.

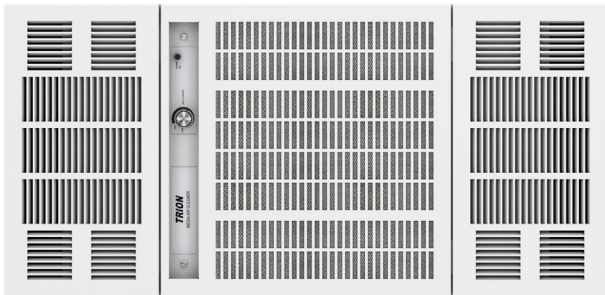

Airflow Pattern

The IsoClean FM model features a Coanda effect airflow pattern. The unit intakes dirty air in the center and discharges filtered, clean air in six directions.
